

Suggested Checking List:

- 1) Authors' names, addresses and email addresses.
- 2) Editor's name.
- 3) The running title of the paper.
- 4) AMS classifications, key words.
- 5) The alignment of the formulas.
- 6) Make sure no figures, formula, text run out the bound (all should be within 5 inch in width)
- 7) See the instructions on figures in the template and Check your figures.
- 8) The styles of theorems and definitions
- 9) Check spelling.
- 10) Check if the cited References, Equations and Figures ... are correct. You may simply click the colored **cited** References, Equations and Figures ... numbers to see if they are linked correctly.
- 11) Check the cross-reference against American Mathematical Society (AMS) Mathematical Reviews (MR) database. You may simply click the colored **cited** Reference number in front of each reference in REFERENCE section to see if they are linked to correct papers.
- 12) The reference style. See the template for instructions.
- 13) Update statuses of papers in the reference with **most current and complete** information.
- 14) Page numbers of the cited papers in the reference. Both the numbers of beginning and ending pages should be included.
- 15) Times for submission and revisions at the end of the paper.
- 16) Communicated editor's name

You may only make minor and editorial changes. Please do not change

- 1) Layout of the page
- 2) Total number of pages

Contact the Editor-in-Chief of the journal if any major change needed.
Thank for your support.
